

Devendra Singh

Senior UED/UX Designer

With 8+ years of experience in graphic design and UI/UX, I create visually compelling, user-centric designs. Skilled in tools like XD, Figma, and Adobe Creative Suite, I excel in prototyping, wireframing, and user research. My design approach focuses on understanding user needs and delivering intuitive, aesthetically pleasing interfaces, while staying updated on design trends and technologies.

Personal Projects

- I redesigned the graphics and overhauled the entire website for **after.com**, modernizing its UI/UX to create a more engaging and visually appealing user experience.
- I created the UI/UX design for **theremcollgroup.com**, including line drawing sketches and animations for the site.
- **rubycup.com** is an e-commerce website. I designed the logo, iconography, and complete UI/UX, enhancing the site's visual identity and user experience.
